THE APPRAISER IS REQUIRED TO DISCLOSE THE FOLLOWING TO THE APPRAISAL HUB AT THE EARLIEST TIME THAT THE APPRAISER IS AWARE OR SHOULD BE AWARE THAT THE MATTER TO BE DISCLOSED EXISTS:

- (1) If an Appraiser has agreed with a lender or other client not to disclose that the Appraiser has appraised the subject property, the Appraiser must decline all subsequent assignments on the subject property from The Appraisal Hub for any assignment that falls within the three-year period subject to the agreement with the Lender;

Failure to disclose as required may subject the Appraiser to removal from the Panel. The Appraisal Hub shall comply with applicable law and USPAP standards in removal of an Appraiser from the Panel.

Section III

APPRAISER PERFORMANCE REQUIREMENTS AND APPRAISAL PANEL PROCEDURES

General Standards of Competence and Professionalism. The Appraiser must be licensed, certified or registered, as the case may be, and in good standing to perform appraisal services in compliance with the laws of the state where the assigned property is located. At a minimum, The Appraisal Hub will review Appraiser's work for compliance with all laws, USPAP appraisal standards of accuracy, and other professional requirements including, but not limited to:

1. Appraiser's ability to meet due dates and deadlines;
2. Appraiser's level of responsiveness and communication with stakeholders (Lenders, The Appraisal Hub, borrowers, as appropriate) throughout the appraisal process;
3. Responsiveness to requests for additional information from Lenders' underwriters, as applicable;
4. Quality of work product and attention to the details of any Lender specific requirements, or level of communication and clarity in explaining when those Lender requests could not be met.

Panel Approval Is Not a Guarantee of Assignments. In order to prevent any future misunderstandings concerning the Appraiser's expectation of work assignment, The Appraisal Hub hereby clarifies that the Appraiser's approval or admission to the Panel is not a guarantee and is not intended to be construed as a guarantee that the Appraiser will receive assignments within a specified time frame, if ever, from the date The Appraisal Hub approves the Appraiser to the Panel. The Panel is designed to preserve the public trust and to assure fairness and independence in appraisal assignments. Assignments are based on a Panel Rotation method by which The Appraisal Hub's AMC operation system automatically selects the most competent appraiser for an assignment, including but not limited to the following factors:

1. The Appraiser's geographic competence and geographic proximity to the subject property;
2. Appraiser's experience of competence concerning a particular type of property;

3. Appraiser's experience with the property in the last three years;

4. *Appraiser Star Rating – which is a proprietary, automated ranking system established by The Appraisal Hub to prioritize assignments based on quality in recognition of GSE requirements, such as Fannie-Mae's Appraisal Selection Criteria which states that:

AMCs and lenders “must ensure that an appraiser has demonstrated the ability to perform high quality appraisals before using an appraiser's services. The quality of an appraiser's work is a key criterion that must be used in determining which appraiser the lender (or its authorized agent) uses for its assignments. The requirement for an appraiser to produce a high quality work product must always outweigh fee or turnaround time considerations.” (Fannie-Mae Selling Guide - B4-1.1-03; 06/15/2014)

Geographic Proximity Selection Method. When an appraisal order is received, our Panel rotation system will automatically identify Appraisers in rotation that are eligible for the assignment based on the Appraiser's geographic proximity to the subject property.

1. This method ensures that eligible Appraisers have the requisite knowledge required to perform a professional quality appraisal for the specific geographic location and particular property type, the requisite knowledge about, and access to, the necessary and appropriate data sources for the area in which the appraisal assignment is located;

2. Fannie-Mae guidance informs that, “Appraisers that are not familiar with specific real estate markets may not have adequate information available to perform a reliable appraisal. Although the Uniform Standards of Professional Appraisal Practice (USPAP) allows an appraiser that does not have the appropriate knowledge and experience to accept an appraisal assignment by providing procedures with which the appraiser can complete the assignment, Fannie Mae does not allow the USPAP flexibility.” (Fannie-Mae Selling Guide - B4-1.1-03; 04/15/2014) ;

3. The Appraisal Hub will assign Appraisers to the geographic locations in which the Appraiser indicates competence and requisite experience only. Trainee Appraisers must be supervised and sponsored by an experienced Appraiser who is competent and experienced as indicated above.

Volume of Orders Disclaimer. The Volume of orders received by The Appraisal Hub within a certain geographic location may impact the number of orders available to the Appraiser on the Panel. The Appraisal Hub cannot control how many orders or when orders will be received from Lender/Clients for a particular geographic location. For this reason, The Appraisal Hub cannot, and does not guarantee, that the Appraisers will receive assignments within a specified time frame, if ever, from the date The Appraisal Hub approves the Appraiser for the Panel.

***Star Rating Quality and Compliance Monitoring System.** The Appraisal Hub established its Star Rating Quality and Compliance Monitoring System (“System”) to ensure Appraiser quality and compliance in accordance with USPAP standards, AIR, and applicable state law. Appraisers with the highest Star Ratings in each jurisdiction have priority of assignments. Newly approved Appraisers are afforded full and fair opportunity to earn star ratings based on the same criteria by which more seasoned Appraisers are rated. Some examples of action or activities considered under the Star Rating System are:

1. Compliance with USPAP standards, AIR, and applicable laws;

2. Prompt response and acceptance of assignments;

3. Meeting deadlines and Appraiser attention to order details;

4. Quality of communication with The Appraisal Hub and other appropriate stakeholders such as Lenders, Realtors®, borrowers, property owners, and so forth;

5. High quality appraiser products that clarify the appraisal process and methodology;

6. Minimal or no USPAP violations;

7. Minimal, or no significant valuation concerns;

8. Valuations with well supported adjustments;

9. Upon completion of appraiser report, response to Lenders' questions within one full business day – for example prompt response to requests for additional information or a reconsideration of value where compliant with USPAP, AIR and applicable law.

10. Adherence to lender service level agreement, if applicable.

Ranking of Appraisers. The Appraisal Hub's Star Rating System ranks Appraisers numerically from 1 through five, 5 being the highest rating and 1 being the lowest.

1. Each appraisal order is worth a potential 5 points to the Appraiser in rotation.
2. To ensure fairness, Star Rating points are based on the average of all appraisals completed by the Appraiser to provide ongoing opportunity for improvement to the Appraiser's Star Rating.
3. The Appraiser automatically earns 5 Star Rating points for each appraisal order, from which points are deducted based on The Appraisal Hub's Quality Control (QC) review process, as applicable; for example:

If The Appraisal Hub or the Lender/Client rejects the appraisal report for any reason, such rejection will impact the Appraiser's star rating.
4. The Appraisal Hub will make the Appraiser's Star Rating System available to the Appraiser upon request.

Quality Control Review of Appraisals. To ensure the highest quality of appraisal reports, The Appraisal Hub conducts detailed Quality and Compliance review prior to delivery of each and every appraisal to a Lender or other client.

1. Approved Appraisers who demonstrate the level of quality and competence required by The Appraisal Hub may quickly advance their Star Rating;
2. The Appraisal Hub will provide training and corrective guidance to facilitate the Appraiser's full and fair opportunity to improve Star Ratings;
3. Appraisers who consistently fail to meet the standards of performance required by The Appraisal Hub, or who demonstrate an unwillingness to improve may be removed from the Panel.

Professional Standing and Disclosure Requirements. The Appraiser shall disclose to The Appraisal Hub any adverse condition pertaining to the Appraiser's certification or licensing, such as whether the Appraiser has been, or is currently subject to any form of administrative action, suspension, restriction, or whether the Appraiser has been notified of pending or potential adverse administrative action against the Appraiser such as indicated below, but not limited to:

1. Termination by any other AMC, suspension or removal from an AMC Panel;
2. Removal from a Lender's appraiser panel;
3. Administrative notice from any real estate settlement services provider, such as a lender, Securitize, GSE such as Fannie-Mae, Freddie-Mac, HUD/FHA, or any state housing authority;
4. Consumer complaints;
5. Enforcement or disciplinary actions by any state or federal regulator, consumer protection agency;
6. Suspension of license or certification whether or not published on the National Appraiser Registry;
7. Inclusion on the HUD's Limited Denial of Participation list (LDP); the General Services Administration's (GSA's) "Lists of Parties Excluded from Federal Procurement or Non-procurement Programs; the Federal Excluded Parties Listing System (EPLS);
8. Inclusion on any Lender/Investor Exclusionary List;
9. Notification from Fannie Mae concerning warnings or suspension based on Fannie-Mae review of Appraiser's work product on the Uniform Collateral Data Portal® (UCDP®) as applicable.

Failure to disclose any of the foregoing information to The Appraisal Hub as required may subject the Appraiser to removal from the

Panel. The Appraisal Hub shall comply with applicable law and USPAP standards in removal of an Appraiser from the Panel.

Section IV

If the Appraiser is unable to accept an assignment for any reason, for example if the Appraiser is "out-of-office", or otherwise unavailable, the Appraiser must be marked as "UNAVAILABLE" on The Appraisal Hub's Portal. Frequent unacceptance of orders by "available" Appraisers may impact the Appraiser's selection for future assignments. The Appraiser will have 24 hours to accept or decline an assigned order before the order is automatically blocked for acceptance by the assigned Appraiser.

 - ii. In this case we ask the appraiser to submit the work that has been completed along with the request for a fee;
 - iii. Depending on the amount of work completed the appraisal fee shall be a sum greater than a trip fee but less than the entire appraisal compensation;
 - iv. The entire appraisal fee may be paid if the appraisal was completed at the time of cancellation, providing that the Appraiser submitted the completed appraisal to The Appraisal Hub prior to such cancellation;

5. Appraisers are never penalized for delays caused by The Appraisal Hub, the Lender/Client, or property owner:

made the trip to the subject property.
